**MED Directorate**

The Medicine and Emergency Directorate, (MED), which includes all specialties in Internal Medicine, was established in 2014 and has consolidated all specialties of medicine within a single clinical governance structure. It’s mission, aims and objectives focus on safety, (zero harm), quality, (excellent outcomes), patient experience, access and flow.

The Directorate has agreed a clinically-led management cycle for continuous improvement for adoption across its specialties. Clinical Specialty Leads have been appointed with a common structure and data-driven approach to specialty and directorate operations meetings.

**Department of Dermatology**

The dermatology service is broadly though not exclusively divided into a medical dermatology service and a dermatologic surgery. The department is incredibly busy due primarily to the volume of skin cancers being diagnosed and treated. Also on the medical side the demands from other tertiary specialties such as haematology/oncology presents a complex case mix of inpatient consultations.

**Eligibility Criteria Qualifications and/or experience**

Applicants are expected to have completed Basic Speciality Training in Emergency Medicine, Internal Medicine, General Surgery or Intensive Care Medicine.

Possession of a post-graduate qualification (eg MCEM, MRCS, MRCP), will be advantageous to the candidate, but is not a requirement for the post.

Candidates are expected to be ATLS or ACLS providers. Core requirements for this post include: a demonstrable commitment to Emergency Medicine, good decision making, a broad clinical knowledge base and appropriate clinical skills, awareness of patient safety and risk management issues and the ability to work efficiently under pressure and as part of a team.

**Before applying for the post:**

Each successful candidate must hold General Registration or Trainee Specialist Division Registration with the Irish Medical Council.

**Health**

A candidate for and any person holding the office must be fully competent and capable of undertaking the duties attached to the office and be in a state of health such as would indicate a reasonable prospect of ability to render regular and efficient service.
**Skills, competencies and/or knowledge**

*Candidates will have:*

- sufficient command of the English language to effectively carry out the duties and responsibilities of the role
- sufficient clinical knowledge and evidence based practice to carry out the duties and responsibilities of the role
- an ability to apply knowledge to evidence based practice
- leadership potential
- the ability to plan and deliver care in an effective and resourceful manner
- an ability to manage and develop self in a busy working environment
- the ability to effectively evaluate clinical information and make appropriate decisions
- a commitment to assuring high standards and strive for a patient centred service
- work as part of a team and respect the views and suggestion of others
- effective communication and interpersonal skills including the ability to collaborate with colleagues, families etc and good presentation skills
- awareness and appreciation of the patient and the ability to empathise with and treat others with dignity and respect
- flexibility and openness to change
- ability to utilise supervision effectively
- a willingness to develop IT skills relevant to the role

**Application Process**

Please email Curriculum Vitae and include email addresses and telephone numbers of three referees to medicalmanpower@stjames.ie not later than Sunday, 10th February 2019.
