always goes above and  
beyond to help in any  
way she can and is  
always v pleasant, an  
asset to SJH!

has been fantastic,  
explained everything  
clearly, positive and  
realistic goals, v  
approachable

Physios are friendly and  
understanding. I feel that they treat  
me personally and individually and  
that I am important to them as a  
patient. I like the way they ask  
questions to see how I'm getting on  
and the way they explain how the  
injury and exercises are progressing
