Overview of the ward

St John's Ward is a 31-bedded surgical ward, specialising in the care of patients who undergo head and neck, and gynaecological surgeries. The ward is comprised of four six-bedded rooms, seven single rooms and has a minor procedure room where complex gynaecological dressings and minor procedures are performed.

What we do best

Our staff provide specialist support and advice in all emergencies relating to the care of tracheostomy and laryngectomy patients for other clinical areas, especially during weekends and out-of-hours.

Testimonials

"St John's Ward is a great dynamic ward to work on. The teamwork is exceptional in complementing the acute skill-mix on the ward. As a nurse, the opportunities to strengthen and broaden one's scope are plentiful, making every day a learning day." - Clinical Nurse Manager

"St John's Ward is a great ward and we can learn a lot from other staff and team members. They are very friendly with great team spirit." - Adaptation Nurse

"St John's Ward is an amazing place to work in. There are lots of challenges, but also it is very rewarding. There are opportunities to learn something every day and this will help for the rest of your nursing career." - Staff Nurse
